

Teaching Tawheed is a cure for demonic possession

Explained by Shaykh Rabee

Shaykh Rabee: Shaykh Abdullah al-Qar'awi came to us in the area where many people were suffering illness and they were bedridden. What was the cause of this? **It was because of the Jinn.** They would go out and come across the Jinn at night in the trees and on the pathways and the devils would take control of them. They were ignorant, they did not know Tawheed. **So he (Shaykh Qar'awi) came and spread Tawheed, not Ruqyah or the like** – may Allah bless you. All of these affairs (illnesses and afflictions from the Jinn) ended, all of these affairs ended when he spread Tawheed and knowledge. When Tawheed and knowledge spread these things go away and come to an end. And when ignorance becomes widespread the soothsayers, magicians and devils increase and collaboration develops between the soothsayers, magicians and devils.
