

## Muslim refugees in America sponsored by the Church

All praises belong to Allah the Lord of all that exists, and may Allah exalt the mention of His slave and messenger Muhammad ibn Abdullah.

### ➤ **The majority of the recent refugees in America are Muslim**

CNS News stated: Of the 6,726 total Syrian refugee arrivals since the beginning of Fiscal year 2016 (1 October 2015 to 30 September 2016) 6,625 (98.4 percent) were Sunnis and 23 (0.3 percent) were Christians.

### ➤ **Where are the refugees?**

Because the population in America is estimated at around 324,118,787 you may assume these refugees have resettled in major U.S. cities; thus we never question as to **why we don't see the Muslim refugees in the Masjid?!**

### ➤ **Muslim refugees in your city?**

A diverse Muslim refugee community was located in Durham, NC; "hidden in plain sight". We were able to take them food for Zakat-Fitr, clothing, furniture, toys, and bring them to our Eid celebration. **More importantly we are able to establish a connection with them so they can attend the Masjid for Jumah service and regular classes, where we teach them pure Islam and warn them against the likes of ISIS and other terrorist organizations.** Muslim refugee communities have also been located in Greensboro, NC and Newport News, VA.

### ➤ **Who sponsors the Muslim refugees?**

Breitbart News reported: *"Much of the \$1 billion in annual revenue goes to voluntary agencies (VOLAGs), several of which are Christian non-profits, such as Catholic Charities, Lutheran Immigration and Refugee Service, who are contracted on behalf of the government to help these refugees get settled in their new homes in America."*

### ➤ **Services end quickly**

One of our brothers from the refugees said: 'After four months they are abandoned and left to fend for themselves.' Breitbart News reported: *"After providing three to four months of resettlement services to these refugees, having been well compensated for their assistance services, these Christian non-profit VOLAGS stop providing services."*

**And of course these Christian voluntary agencies make no attempt to connect them with their local Muslim communities. Rather many of them provide incentives to them if they attend bible study!**
