

Sufi wedding night

Shaykh Abdur Razzaq Al Badr: In some places the murid¹, who is under the Walī (Sufi Shaykh) and follows him; will hand his wife over to his Sufi Shaykh on their wedding night and request that his Shaykh takes his wife's virginity believing that this will bring about blessings. His wife will leave after the Sufi Shaykh has taken her virginity in order to 'bless' her. Then her husband will come and bow at the feet of his Shaykh and kiss his feet to thank him for doing this. **This is oppression, misguidance and a crime against the religion!** And this is taking advantage of the ignorant!

Translator's note: This is similar to the evil practiced by the wicked Dr. Malachi York of the Nuwaubian Nation aka Ansar cult and others.

- ❖ Compare this misguidance to the wedding night in pure Islam, which is a special time shared between the wife and her husband.
